If You Love Parks, You'll Love This!

Recreation and Park agencies partner up – provide one stop website

Sacramento, CA – Parks and recreation agencies throughout the Sacramento area have joined together to form “Your Sacramento Area Parks” (YSAP) and have launched a new website where our community can access recreation and leisure services for all ages and interests in one location – www.yoursacparks.com.

The one-stop-shop website features an interactive map viewer with a search function by area or by 27 different park amenities throughout the Sacramento County region.

“Twenty-one parks and recreation agencies make up YSAP and our purpose is to provide and maintain a positive and healthy experience for all visitors,” stated Jeff Leatherman, Director of Sacramento County Regional Parks. “Through yoursacparks.com, the community will only have to go to one place for easy access to hundreds of parks and facilities in Sacramento County.”

The YSAP partnership works collaboratively to address common challenges, share resources and work to provide an optimum outdoor experience for park visitors and the community. YSAP partners feature year round activities and opportunities for everyone of all ages.

Facility details and contact information for your local and regional amenities can be found at www.yoursacparks.com.

A special thanks to all our community recreation service providers!
